EDUCATION

B.Tech in Information Technology

APJ Abdul Kalam Technical University, Lucknow

CGPA: 7.6/10

Sep. 2021 -- May 2025

EXPERIENCE

Frontend Developer

Ravan.ai

Mar 2026 -- Present

- Developed responsive and scalable web applications using React.js, Next.js, JavaScript, HTML5, CSS3, Tailwind CSS, and shadcn/ui.
- Integrated REST APIs and collaborated with backend developers to build dynamic, data-driven user interfaces.
- Worked with Git, GitHub, Postman, and Agile workflows to develop, review, test, and deploy production-ready features.
- Collaborated closely with UI/UX designers to deliver pixel-perfect, responsive, and user-friendly interfaces.

AI Automation Engineer

Ravan.ai

Jun 2025 -- Mar 2026

- Designed and deployed AI-powered automation workflows using Make.com, REST APIs, Webhooks, OpenAI API, and Gemini API.
- Built automation solutions for lead qualification, CRM synchronization, WhatsApp automation, and social media publishing.
- Integrated Google Sheets, Cloudinary, and third-party APIs to streamline business operations.
- Reduced manual operational effort by over 80% through scalable automation workflows.

INTERNSHIP

Web Development Intern

Internship

Mar 2024 -- May 2024

- Developed responsive web applications using HTML, CSS, JavaScript, and React under senior developer guidance.
- Integrated real-time drone telemetry dashboards into web interfaces, improving user engagement by 20%.
- Collaborated with the development team to build reusable UI components and improve application performance.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL, HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS, shadcn/ui, Redux

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Tools: Git, GitHub, VS Code, Postman, Cursor

Cloud/APIs: REST APIs, JSON, Webhooks, Google Sheets API, Cloudinary API

AI & Automation: OpenAI API, Gemini API, Make.com, n8n, ChatGPT

Computer Science: OOP, DBMS, Operating Systems, Computer Networks

Operating Systems: Windows, macOS

Soft Skills: Communication, Leadership, Teamwork, Problem Solving

PROJECTS

Uber Clone (MERN) | [GitHub](#)

Dec 2024 -- Apr 2025

- Built a full-stack ride-booking platform using MongoDB, Express.js, React.js, and Node.js.
- Implemented JWT authentication, protected routes, role-based access control, and profile management.
- Developed RESTful APIs for ride booking, authentication, and user management.
- Integrated Socket.io for real-time ride updates between riders and captains.

User Registration System (MERN) | [GitHub](#)

Aug 2024 -- Oct 2024

- Developed a secure authentication system using React.js, Express.js, MongoDB, JWT, and bcrypt.
- Implemented login, signup, password encryption, protected routes, and authentication middleware.
- Built responsive forms with real-time validation and error handling.

Property Rental Platform (MVC) | [Live](#)

Jun 2024 -- Jul 2024

- Developed a property rental platform using MVC architecture with CRUD operations and secure authentication.
- Implemented property listings, booking workflow, image uploads, and responsive interfaces.
- Improved engagement by approximately 60% through optimized user experience.

AI Social Media Automation

Apr 2025 -- May 2025

- Built AI-powered automation workflows using Make.com, OpenAI API, Google Sheets API, and REST APIs.
- Automated content generation, scheduling, and publishing across multiple social media platforms.
- Integrated Webhooks and third-party APIs to reduce manual work by over 90%.
- Designed reusable automation pipelines capable of handling high-volume business workflows.

ACHIEVEMENTS

- Built 10+ full-stack web applications using the MERN stack.

- Automated business workflows using AI and REST APIs, reducing manual effort by 80%+.
- Developed production-ready frontend applications using React.js, Next.js, Tailwind CSS, and shadcn/ui.
- Integrated OpenAI API, Gemini API, Webhooks, Cloudinary API, and Google Sheets API into automation solutions.
- Continuously improving problem-solving skills through regular practice of Data Structures and Algorithms.
